Aspiring Software Developer

I'm a web developer and data analyst, graduated from DUT in 2022, with hands-on experience in building websites. Formerly an IT Technician, I developed strong troubleshooting and network maintenance skills. Currently working as a call center agent for TalkTalk UK, enhancing my communication and client engagement abilities.

EDUCATION & CERTIFICATIONS

Tertiary Qualifications

Bachelor's Degree in Information and Communication Technology – Durban University of Technology – 2022

Certifications

- Introduction to Cybersecurity (Cisco)
- Introduction to Packet Tracer (Cisco)
- Data Analytics Essentials (Cisco)
- Introduction to Data Science (Cisco)
- FreeCodeCamp Web Development (Cisco)

TOOLS & TECHNOLOGIES

- Programming languages: Python, JavaScript
- Databases: MongoDB, SQL
- Web development frameworks: React, Node.js, Express
- Web development: HTML, CSS, Tailwind CSS, Bootstrap (basics)
- Cybersecurity: Introduction to Cybersecurity (Cisco)
- Data analysis tools: Microsoft Excel, Tableau, Power BI

AWARDS & HONORS

- Top Achiever in Physical Sciences at Sinolwazi High School (Grade 12)
- Top Achiever in Mathematics at Sinolwazi High School (Grade 12)

PROFESSIONAL SOLO PROJECTS

Esgela Online Applications | Part 1 Application system | Full Stack [View Website](#)

Technologies:

HTML, CSS, JavaScript, Embedded JS, Node JS, Express, MongoDB, Tailwind CSS JWT, Node Mailer

This online platform streamlines student application management, enabling users to submit forms and receive a unique 8-digit student number starting with "24" for secure login. Users can access their accounts using either their ID or Student Number, paired with a password, providing flexibility and convenience.

Key features include:

1. User-friendly interface
2. Secure authentication with JWT
3. Admin dashboard for application management
4. Automated email notifications using Node Mailer

Esgela System Management | Part 2 online school | Full Stack

[View Website](#)

Technologies:

HTML, CSS, JavaScript, React JS, Node JS, Express JS, MongoDB, Tailwind CSS, Node Mailer

Overview:

Esgela's online learning platform is an evolving educational tool designed to offer comprehensive software development lessons. Currently, the platform features courses on programming languages, including HTML, and interactive typing exercises. A standout feature is the implementation of Ace Editor, allowing users to write and display code directly on the website.

Key Features:

1. Interactive and user-friendly interface
2. Responsive design for accessibility across devices
3. Course tracking functionality in development
4. Ace Editor integration for coding practice

Development Process:

This project serves as a learning curve, with new skills and ideas implemented after thorough research and understanding. The development process prioritizes:

1. Research and planning
2. Careful implementation
3. Continuous learning and improvement

Future Plans:

The platform is expected to expand with more lessons, features, and enhancements to provide an enriched learning experience. As this project is a learning journey, it's still in development, with areas requiring improvement, such as:

1. Route protection
2. Course tracking

Additionally, not all courses are complete, as the focus is on thorough understanding and learning rather than rushed implementation. This approach ensures a solid foundation for future growth and development.

Sdimas Masela

Position/Relationship: Tekwini JSS Clerk and Colleague

Contact Information: 0736697630

Description: As a Senior Clerk at Tekwini Junior Secondary School, the individual oversees administrative operations while monitoring technical support activities. This role involves coordinating office tasks, ensuring efficient workflow, and providing guidance to junior staff. By evaluating the performance of technical support initiatives, the Senior Clerk ensures that teachers receive timely assistance, ultimately fostering a more effective learning environment.

Zigcine Rubele

Position/Relationship: Close Friend and Volunteer Supporter

Contact Information: zigcinerubela1@gmail.com, +27 81 832 5614

Description: Zigcine is a close friend who has been actively involved in supporting my volunteer efforts and personal projects. She is well-acquainted with my work ethic, aspirations, and contributions to various initiatives, including the Esgela Initiative. She can provide a personal perspective on my dedication, organizational skills, and commitment to my goals.
